We are looking for Project Managers / Administrators / Coordinators / Logistics / Planner to join our team.

The roles will be mainly based in our London office and you will be supporting the Project Team working large scale overlay and temporary structures on international projects.

These are fast paced roles that requires excellent organisational skills and attention to detail. You must be super organised and able to think on your feet whilst juggling multiple priorities. You will be confident at communicating with different departments and stakeholders within the business so clear communication is important. Experience using Microsoft Excel and Word and Sage would be advantageous.

Employees enjoy careers that provide inspiring experiences and exciting challenges. We are also committed to developing talent, which allows for a wide scope of amazing opportunities as the business continues to grow.

Please send CV's to jobs@esglobalsolutions.com
