Quantity Surveyor Required.

We have an exciting opportunity for an experienced Commercial Manager to assist us with our expanding range of projects in the UK and overseas. The position offers opportunities for overseas travel, including monthly visits to our Tokyo office, where we are delivering a number of Temporary Venues for the Tokyo 2020. The ideal candidate will be RICS qualified, with 5 or more years post qualification experience (albeit we can be flexible on this requirement for the right candidate) and will have post contract commercial management experience, either for a consultant or contractor. If you want to join an expanding company with a great portfolio of work, one that offers a great environment to work in, then please apply and dust off your passport!
